**ACCREDITATION**

Perinatal Resources, Inc. is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

**CREDIT**

Perinatal Resources, Inc. designates this educational activity for a maximum of 85.75 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The American College of Obstetricians and Gynecologists cognate credits to this program are pending.

**COMMERCIAL SUPPORT**

Perinatal Resources, Inc., educational activities do not accept commercial support, including in-kind or exhibit fees.

**DISCLOSURE POLICY**

In accordance with the ACCME (Accreditation Council for Continuing Medical Education) Standards for Commercial Support, it is the policy of Perinatal Resources, Inc. to insure balance, independence, objectivity, and scientific rigor in all of its CME activities. All faculty participating in PRI-sponsored CME activities are required to disclose to the program audience any relevant financial interests or other relationships they, or their spouse/partner have with the manufacturer of any commercial product discussed in their educational presentations that they have, or have had, in the past 12 months. This pertains to relationships with pharmaceutical companies, biomedical device manufacturers, or other corporations whose products or services are related to the subject matter of the presentation. The intent of this policy is to make the audience aware of the faculty's interest prior to the presentation(s). All conflicts of interest are resolved before the beginning of the activity. Disclosure will be available before the conference begins on the website, and will be included in the pre-conference packet.

**ACCOMMODATIONS**

Rooms are being held at the Hyatt on Capitol Square in downtown Columbus, Ohio for \$136.00 per night until August 29, 2008. You may call the Hyatt's direct reservation line at (614) 228-1234. *Identify yourself as an attendee of the Columbus Comprehensive Review to receive the discounted rate.*

## **COURSE OBJECTIVES**

*After participating in this comprehensive clinical course, the practicing ob/gyn physician should be able to:*

- Review evidence-based key aspects of obstetrics, gynecology and its multiple subspecialty areas (maternal fetal medicine, urogynecology, gynecologic oncology, genetics, reproductive endocrinology and infertility) and apply the latest nationally accepted clinical guidelines in order to effectively treat, manage and promote women's health.
- Identify clinical problems in obstetrics and gynecology shown in interactive, case-based scenarios to facilitate appropriate management.
- Demonstrate increased knowledge of obstetrics, gynecology and its subspecialties in order to receive specialty board certification and/or continued maintenance of certification

## **IDENTIFIED GAP**

Obstetricians and Gynecologists including generalists as well as subspecialists must have complete knowledge outside of their specific area of clinical interest in order to effectively treat and promote women's health.

## **PERINATAL RESOURCES' MISSION**

### **CME Purpose**

Perinatal Resources, Inc., a not-for-profit medical educational corporation established over 30 years ago, provides continuing medical education to practicing obstetricians and gynecologists in the United States and its territories. The CME program ensures that obstetricians and gynecologists are knowledgeable in the latest nationally accepted clinical guidelines in its multiple subspecialty areas in order to effectively treat, manage and promote women's health. The goal of Perinatal Resources, Inc. is to improve the ob/gyn physician's competency and outcomes of patient care as well as enhance performance-in-practice. Educational outcome measurement is completed on a continuous basis that facilitates clinical improvement and quality assurance.

### **Content Areas**

The content of Perinatal Resources' CME program encompasses general obstetrics and gynecology, urogynecology, oncology, maternal fetal medicine, reproductive endocrinology and infertility, primary care, infectious diseases, genetics and ultrasound. The broad range of topics are determined through a comprehensive needs assessment process including requirements of learners, experts, national guidelines, and observed quality indicators within the health system, all of which are indicative of the professional gaps in the specialty as well as the subspecialties.

### **Target Audience**

Practicing obstetrician and gynecologist and related subspecialty physicians

### **Type of Activities**

Live activities including large group lectures and small group study sessions, question/answer panels and case-based self-study all of which immerse the participant in an unbiased and commercial-support free environment

### **Expected Results**

As a result of their involvement in the CME program, learners should be able to demonstrate changes in competence, improvement in clinical performance, and/or improved patient outcomes. Metrics for determination of success include the following:

- ♦ For changes in competence, case-based vignettes in the form of pre/post tests, determines knowledge which was gained.
- ♦ Receiving specialty board certification and/or continued maintenance of certification indicate a professionally accepted ability to practice safe and effective medicine
- ♦ There will be a 6-month post-course evaluation questionnaire regarding changes in practice performance specifically related to course material and requests for practice gaps which will allow us to focus on content of future activities.
- ♦ Utilizing educational outcome measurements and improvement in patient outcomes will determine the closure of identified gaps

## **EVENING SESSIONS**

The **Self Study** is a four hour assigned session that provides the opportunity to independently review on laptop (provided), cases in general obstetrics and gynecology, oncology, ultrasound, reproductive endocrinology infertility, urogynecology, oncology and gynecologic pathology. You will be assigned to one session upon registration.

The **Group Review** facilitated by course faculty provides an opportunity for small group discussion of pictured ob/gyn conditions. You will be assigned to one session upon registration.

**Case Discussions** are facilitated by course faculty, providing an opportunity to discuss selected cases in obstetrics and urogynecology.

## Columbus Comprehensive Review: September 19 – 28, 2008

Daily schedule subject to change

7:30-7:45 AM Introduction to the Course  
7:45-8:45 AM VBAC/Breech/Cesarean on Demand  
8:45-9:45 AM Alloimmunization in Obstetrics  
9:45-10:00 AM *Refreshment Break /Questions*  
10:00-11:00 AM Venous Thrombosis Disease  
11:00-12:00 PM OB Anesthesia for Labor  
12:00-1:00 PM *Lunch on Own*  
1:00-1:45 PM OB Anesthesia for Delivery  
1:45-2:45 PM Anemia in Pregnancy  
2:45-3:00 PM *Refreshment Break /Questions*  
3:00-4:00 PM Substance Abuse in Pregnancy  
4:00-4:30 PM FPZ Legacy MgSO<sub>4</sub>  
4:30-5:15 PM Personal Consultation

### Day 2, Saturday, September 20, 2008

7:30-8:30 AM Chronic Pelvic Pain  
8:30-9:30 AM Pediatric Gynecology  
9:30-9:45 AM *Refreshment Break /Questions*  
9:45-10:45 AM Clinical Evaluation of Urinary Incontinence  
10:45-11:30 AM Clinical Evaluation of POP  
11:30-12:00 PM Anal Incontinence  
12:00-1:00 PM *Questions/Lunch on Own*  
1:00-2:00 PM Surgical Therapy for Urinary Incontinence  
2:00-2:45 PM Non-Surgical Management of UI  
2:45-3:00 PM *Refreshment Break /Questions*  
3:00-3:45 PM Surgical Therapy for Pelvic Organ Prolapse  
3:45- 4:30 PM Complications of Continence and Prolapse

### Day 3, Sunday, September 21, 2008

7:30-9:00AM Breast Cancer  
9:00-9:30 AM VIN  
9:30-9:45 AM *Refreshment Break /Questions*  
9:45-10:15 AM Vulvar Cancer  
10:15-11:15 AM Gestational Trophoblastic Disease  
11:15-12:00 PM Anatomy and Complications  
12:00-1:00 PM *Questions/Lunch on Own*  
1:00-1:45 PM Epithelial Ovarian Cancer  
1:45-2:30 PM Non-epithelial Ovarian Cancers  
2:30-3:30 PM Endometrial Cancer and Sarcomas  
3:30-3:45 PM *Refreshment Break /Questions*  
3:45-4:45 PM Cervical Cancer

### Day 4, Monday, September 22, 2008

7:30-8:30 AM IUGR  
8:30-9:30 AM Hepatitis & Liver Disease in Pregnancy  
9:30-9:45 AM *Refreshment Break /Questions*  
9:45-10:45 AM Viral Infections in Pregnancy  
10:45-12:00 PM Primary Care for the Ob/Gyn  
12:00-1:00 PM *Questions/Lunch on Own*  
1:00-1:45 PM Autoimmune Disease in Pregnancy  
1:45-2:30 PM Chorioamnionitis & PPRM  
2:30-2:45 PM *Refreshment Break /Questions*  
2:45-3:30 PM Use of TVUS in Obstetrics  
3:30-5:00 PM Fetal Anomalies

### Day 5, Tuesday, September 23, 2008

7:30-8:30 AM Vaginitis  
8:30-9:30 AM Menopause  
9:30-9:45AM *Refreshment Break /Questions*  
9:45-10:30 AM Osteoporosis  
10:30-11:30 AM STDs and Bacterial Infections in GYN  
11:30-1:00 PM *Questions/Lunch on Own*  
1:00-2:00 PM Current Management of Ectopic Pregnancy

2:00-3:00 PM Hirsutism & Polycystic Ovary Syndrome  
3:00-3:15 PM *Refreshment Break /Questions*  
3:15-4:15 PM Infertility Evaluation & Induction of Ovulation  
4:15-5:15 PM Recurrent Pregnancy Loss

### Day 6, Wednesday, September 24, 2008

7:30-8:30 AM Abnormal Uterine Bleeding  
8:30-9:30 AM Modern Management of Endometriosis  
9:30-10:30 AM Complications of Hysteroscopy  
10:30-10:45 AM *Refreshment Break /Questions*  
10:45-11:45 AM Complications of Laparoscopy  
11:45-1:00 PM *Questions/Lunch on Own*  
1:00-1:45 PM Amenorrhea  
1:45-2:45 PM Medical and Surgical Abortion
