### PREVIOUS PARTICIPANT'S COMMENTS:

The best comprehensive review course. Speakers are motivating, inspiring and very knowledgeable in their field/topic

◆ This is an excellent review course, I am so blessed to have the chance to be here. ◆ The course was extremely thorough and well presented. The written materials were excellent and will definitely be used by me again. Best course review I have ever been to, will definitely be back! ◆ This conference was the best educational experience I have ever had. Excellent board review material. I plan to return every 5-7 years to keep abreast of topics. ◆ I thought the entire course was great. I wish I would have come during residency. ◆ I've learned much, I can apply to practice and it will hopefully reflect in the knowledge I convey when I sit for the exam.
